SENATE BILL NO. 2890

AN ACT MAKING AN APPROPRIATION FOR THE SUPPORT AND  
MAINTENANCE OF THE OFFICE OF STATE AID ROAD CONSTRUCTION OF THE  
MISSISSIPPI DEPARTMENT OF TRANSPORTATION FOR FISCAL YEAR 2017.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

**SECTION 1.** The following sum, or so much thereof as may be  
necessary, is appropriated out of any money in the State Treasury  
to the credit of the Office of State Aid Road Construction Fund,  
for the purpose of defraying the expenses of the Office of State  
Aid Road Construction of the Mississippi Department of  
Transportation for the fiscal year beginning July 1, 2016, and  
ending June 30, 2017 ..... \$ 175,160,552.00.

**SECTION 2.** Of the funds appropriated under the provisions of  
this act, the following positions are authorized:

AUTHORIZED POSITIONS:

Permanent:	Full Time .....	53
	Part Time .....	0
Time-Limited:	Full Time .....	0
	Part Time .....	0

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2018 do not exceed Fiscal Year 2017 funds appropriated for that purpose, unless programs or positions are added to the agency's Fiscal Year 2017 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2017 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2017 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State

Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

**SECTION 3.** Of the funds appropriated in Section 1, it is the intention of the Legislature that an amount not to exceed Five Hundred Thousand Dollars (\$500,000.00) is authorized to be expended from funds received from the Mississippi Development Authority as reimbursements for actual expenses incurred by the Office of State Aid Road Construction for administering and providing engineering services to political subdivisions as authorized under Section 65-4-15, Mississippi Code of 1972. Any such funds shall be deposited into the Office of State Aid Roads Administrative Fund for the fiscal year beginning July 1, 2016, and ending June 30, 2017.

**SECTION 4.** Of the funds appropriated in Section 1, it is the intention of the Legislature that an amount not to exceed Forty Million Dollars (\$40,000,000.00) is authorized to be expended for the purpose of replacement of structurally deficient bridges on the state's county roads and an amount not to exceed Twenty Million Dollars (\$20,000,000.00) is authorized to be expended for the purpose of replacement of structurally deficient bridges on the Local System Bridge Program (LSBP).

**SECTION 5.** It is the intention of the Legislature that the Office of State Aid Road Construction shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2016. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2018 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2017 budget request process.

**SECTION 6.** In compliance with the "Mississippi Performance Budget and Strategic Planning Act of 1994," it is the intent of the Legislature that the funds provided herein shall be utilized in the most efficient and effective manner possible to achieve the intended mission of this agency.
